ADDENDUM #2

RFT No. 36521-90930-T01 Aberdeen Pavilion End Wall Repair

Date: May 7, 2021

The Following modifications and clarifications are to be made and taken into consideration for the above referenced RFT and shall become a part of any resulting contract.

Instructions:

Clarifications:

Question and Answers:

Q1. Are you able to provide the loading required for the temporary shoring / tension braces? Also the loading / force required to jack the inner chord as described in the procedure

A1. Shoring and jacking layouts shown on the drawing are schematic only. The contractor's engineer is responsible for the final procedure, orientation, and load evaluation for all temporary works.

This addendum forms part of the Request for Tender. In your Form of Tender, please indicate receipt thereof, failure to do so may result in the rejection of the tender submission.

For further information, please contact Julie-Ann Williams, Procurement Officer, Supply Services at Julie-Ann.Williams@ottawa.ca.
